

Sinclair Broadcasting Group's insistence on airing a political advertisement without giving the opposition candidates equal time, demonstrates the need for regulation of the PUBLIC airways. This is not free speech. This is an abuse of power. The people work long and hard and do not have time to do their own investigation. We depend on the news media to act as watchdogs for corporate and government corruption. When the media itself is nothing more than the voice for the corporate government's propaganda, one is reminded of Germany in 1938. Please reinstate the fairness doctrine before we lose all semblance of democracy. Thank you.
